ARTISANZ

bespoke fitted furniture for bedroom: kitchen: bathroom: home-office: study

01243 826203

[www.artisanz.info](http://www.artisanz.info)

Buying a bedroom, kitchen or study means spending a fair amount of cash, but Artisanz will give you the opportunity to recover some (or all) of that.

Simply recommend a friend, relative or colleague and, if they make a purchase from Artisanz, we will reward you with a 2.5% rebate on their order value.

There is no limit to how much we pay other than the net value of their order.

If they order a bedroom for, say, £2400, we will send you £50. This is 2.5% of the net order value (before vat).

If their order is for a new kitchen that costs, say, £8000 then you will receive a reward of £166.66. This is 2.5% of £6666.66 (the pre-vat figure).

Artisanz may also ask you, from time to time, if you will allow a potential client to see your Artisanz bedroom, kitchen or study to help them make their decision. If this is acceptable and they make a purchase we will send you £50.

ALL Artisanz customers save 20-40% against High Street stores and national companies, and we achieve these savings by NOT having expensive showrooms. Some customers need to see an example so if you assist them we will reward you.

You can recommend as many clients as you wish BUT... we do need to know in advance if you have recommended them. Often more than one person will claim to have recommended a certain client and then we have a dilemma. Who to pay? Should we share the reward? Is this fair? By knowing in advance we overcome this issue and everyone is happy.

Just email or text your friends name and postcode and we will log that recommendation to your account. Easy. Easy money.
